TATTOO-PREFIX REGISTRATION

\$10.USD/tattoo prefix - lifetime use

The NAPA animal registry is a tattoo-based system using the ink tattoo in an animal's ear as the permanent Animal ID. The one-time fee of \$10. allows members to register a unique herd prefix for their exclusive use. You will use the registered tattoo in the animal's ear, plus as part of their name. For example: your tattoo prefix is "ABC" and you will name all of your cattle "ABC Animal 1B", etc. We advise to select two, three or four letters as a prefix for use in tattooing for permanent identification of your cattle. You cannot use numbers, or the letter "Q". Remember, a 1-4 digit herd number and the proper year letter must follow the herd prefix letters in the ear. Please give three choices for your registered tattoo prefix in case some you want are already registered to another breeder.
